What is the In Our Own Voice (IOOV) program?
In our own voice is a unique public education presentation that offers insight into the hope and recovery possible for people living with mental illness. Trained individuals living with mental illness lead a brief, yet comprehensive and interactive presentation about mental illness.

What will you learn at the In Our Own Voice (IOOV) program?
The IOOV online training is focused on preparing your draft presentation script and the one-day in-person training will focus on skill development. The online portion could take 6-8 hours to complete. Each trainee will learn to do the following: prepare your story, develop your story, and practice your talk for use at In Our Own Voice presentations in your community. Two presenters speak at each engagement, at community organizations, health centers, schools, churches, etc.

What are In Our Own Voice presentations like?
A 15-minute NAMI DVD is used to introduce the four sections of your speech: Introduction, What Happened, What Helps, What’s Next. This program has been a major stigma-buster, helping to educate the general public about mental illness, recovery, and NAMI’s mission of education, support, and advocacy.

To make this program successful, we strongly recommend that your affiliate have an In Our Own Voice coordinator. This person will help arrange the different speaking engagements. Travel expenses for presenters are covered by the affiliate.
